Re: Response to U.S. EPA CERCLA Section 104(e) Information Request Regarding  
Lower Duwamish Waterway, Seattle, Washington

Dear Ms. Hong:

Please find enclosed the response of Richard C. Woeck to EPA's CERCLA Section 104(e) Information Request, date stamped February 19, 2010, regarding the Lower Duwamish Waterway Superfund Site, Seattle, Washington. The Information Request was addressed to "Representative of Marine Power & Equipment c/o Richard C. Woeck."

As discussed in the response, Mr. Woeck objects to EPA's designation that he is the representative of Marine Power & Equipment. Despite this objection, Mr. Woeck has answered the questions to the best of his knowledge and understanding in order to assist the EPA. Accordingly, the declaration submitted with the enclosed response has been modified to reflect that Mr. Woeck is not the representative of Marine Power & Equipment.

If you have any questions regarding the enclosed response, please contact me.

Very truly yours,

B. Andrew Brown
